I should have taken that left turn the first time I passed it

Chapter 1 by Tubaiste

"Just you and me for a whole week." I say to my Xbox as I get adjusted into the perfect position to play. I have what is probably a months worth of snacks, drinks, and new AA batteries around me and all within arms reach. I do not plan on participating in real life for a whole week.

This was going to be the BEST vacation I have ever had and I didn't even have to leave my house or hear any what I can only call: sad attempts of cleaver and/or funny comments that people find impossible to not share with the rest of the world, or even pretend that I was trying to get beach ready to give everyone to gift of seeing why they should have paid for that gym membership or tried a few more diets as I endless talk about what I eat and my work out schedule or what ever it is people that think they are the best thing since sliced bread think...

Ha.. Fun fact: the best thing before sliced bread was actually sliced bread. This is actually true. Google it.
